Dear Families,

We use our website as our primary source of communication and information. We find that it is a great place to post messages, share what we're doing in class and store our program calendar. We have also added a photo component so we could celebrate kids, their work and their accomplishments. We also like to post photos to help prime children for field trips or activities they may encounter. We'd like to continue that this year, as well as recognize student's birthdays on our calendar.

We recognize that our website does not require a password to access, and therefore is a public website. Because of this, and our commitment to helping to protect your children, we are asking your permission to put your child's name (usually first name only) and/or photo on our website. Please fill out the information below and return it to school, either by email or with your child.

 Please note that we need a form returned from each family either way (whether or not you want your child's name or photo to be on the website). Thank you for your cooperation.

Child's Name_____

☐   I give permission for my child's name and photo to be published on the Lakewood ASD website.

☐   I DO NOT wish my child's name and photo to be published on the Lakewood ASD website.

Parent Signature_____

Date _____
